

*From the Beginning there
was Boulder*

*Boulder Our
He who is on Earth
Hallowed shall be thy Bloc
Your moves come
Hold your C+
Like in Bleau so in Jura
Our daily Poff give us today
And forgive us our pounds
As well we forgive our Alpinists
And do not lead us into the mountains
But rather release us from Rope and Hook
Then yours is the Grip
And the maximumstreght
And the difficulty in Eternity
